

## Advantages of Galvanized Steel Studs

Our Product Introduction

for more products please visit us on [lightgaugesteelstuds.com](http://lightgaugesteelstuds.com)

### Basic Information

### Product Specification

### Product Description

Zinc is a metal with high corrosion resistance. It can isolate iron from oxygen and water, so that iron cannot undergo the chemical reaction required for rusting; because zinc has higher metal mobility than iron, Even if the plated zinc is damaged, zinc can still prevent rust by sacrificially protecting electrochemical methods.
